D.  Use of Facilities of Other Companies - When the facilities of other companies are used in establishing a connection, the Company is not liable for any act, error, omission, or interruption caused by the other company or their agents or employees. This includes the provision of a signaling system database by another company.

The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. 2.4.2 Station Equipment

A. Terminal equipment on the User's Premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the User. The User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company point of presence.

C. Communications Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers which are applicable to such connections.

D. Facilities furnished under this tariff may be connected to Customer-provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall be registered by the Federal Communications Commission pursuant to Part 68 of Title 47, Code of Federal Regulations; and all user-provided wiring shall be installed and maintained in compliance with those regulations, and any specifications required by the Company.

2.4.4 Inspections

A. Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2.B for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment. The Customer shall provide the Company with access for such inspections.

The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. C. If harm to the Company’s network, personnel or services is imminent, the Company reserves the right to shut down Customer’s service immediately, with no prior notice required.
2.5 Customer Deposits and Advance Payments

2.5.1 Advance Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished or where special construction is involved. The advance payment will not exceed an amount equal to the nonrecurring charge(s) and one (1) month’s charges for the service or facilities including estimated usage. In addition, the advance payment may also include an amount equal to the estimated nonrecurring charges for the special construction and related recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill. Advance payments do not accrue interest. An advance payment may be required in addition to a deposit.

2.5.2 Deposits

To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit may be required if the Customer’s financial condition is not acceptable to the Company or is not a matter of general knowledge or if Customer has failed to timely pay for service(s) on two occasions during any six month period. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to two (2) month's charges for tariffed services plus estimated usage. A deposit may be required in addition to an advance payment.

2.6 Payment Arrangements

2.6.1 Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer.

A. Taxes, Fees, Surcharges, and Contributions

“Tax” or “Taxes” means any federal, state or local excise, gross receipts, value added, sales, use or other similar tax, fee, tax-like fee or surcharge of whatever nature and however designated, imposed or sought to be imposed, on or with respect to purchases by Customer or for the Company’s use of public streets or rights of way, which the Company is required or permitted by law or tariff to collect from Customer; provided, however, that the term “Tax” will not include any tax on the Company’s corporate existence, status, income, corporate property or payroll taxes.

The Company shall bill any and all applicable taxes, surcharges and fees, including, but not limited to: Federal Excise Tax; State Sales Tax; Municipal Taxes; Gross Receipts Taxes; and any taxes, surcharges, fees, charges or other payments contractual or otherwise, for the use of public streets or rights-of-way, whether designated as franchise fees or otherwise. As permitted by law, the Company will recover from its Customers any such charges assessed directly against the Company. Such taxes or fees will be itemized separately on the Customer's invoice or billing detail. If Customer fails to pay any Taxes properly billed, Customer will be solely responsible for payment of the Taxes, and penalty and interest.

Taxes and surcharges assessed on bundled services are based upon a model configuration and standard pricing for the individual product elements contained within the bundle. Modifications to standard pricing or to the model configuration may result in changes to the allocation of the bundle price to specific product elements. Details are available upon Customer request.

If either Customer or the Company is audited by a taxing or other governmental authority, the other party will cooperate reasonably by responding to the audit inquiries in a proper, complete and timely manner. The Company will cooperate, at Customer’s expense, with reasonable requests of Customer in connection with any Tax contest or refund claim. Customer will ensure that no lien is attached to or allowed to remain on any asset of the Company as a result of any Tax contest. Customer will indemnify and hold the Company harmless against any liabilities,

damages, losses, costs or expenses arising out of such Tax proceedings, including without limitation any additional Taxes, interest, penalties and attorney’s fees.

If Customer claims an exemption for any Taxes, Customer must provide the Company with a proper tax exemption certificate as authorized by the appropriate taxing authority. Customer must pay the applicable Taxes to the Company until it provides a valid exemption certificate. If applicable law exempts a service from a Tax, but does not also provide an exemption procedure, the Company will not collect such Tax if Customer provides a letter signed by one of its officers; (i) claiming a right to the exemption; (ii) identifying the applicable law that allows such exemption and does not require an exemption certificate; and (iii) agreeing to indemnify and hold the Company harmless from any tax, interest, penalties, loss, cost or expense asserted against the Company as a result of its not collecting the Taxes from Customer.

2.6.2 Billing and Collection of Charges

The Customer is responsible for payment of all charges incurred by the Customer or other users for services and facilities furnished to the Customer by the Company.

A. The Company shall present invoices for non-recurring and recurring charges monthly to the Customer, in advance of the month in which service is provided. The last date for timely payment shall be not less than 17 days after the bill is rendered. When billing is based upon Customer usage, usage charges will be billed monthly for the preceding billing period.

B. The Company reserves the right to deny a request for additional services or restoration of services unless and until the Customer's account is in current status.

C. When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have thirty (30) days.

D. Billing of the Customer by the Company will begin on the Service Date. The Service Date will not be delayed or postponed due to problems with Customer’s equipment or Customer’s lack of readiness to accept or use the service. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.

E. All invoiced charges shall be due and payable on the due date printed on the invoice (“Due Date”). If any portion of the payment is received by the Company after the date due, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, then a late payment penalty listed on Company’s website shall be due to the Company.

F. Objections to billed charges must be reported to the Company within ninety (90) calendar days of the date of the invoice associated with the disputed charges, or the invoice shall be deemed correct and all rights to dispute such charges are waived. The Company shall make adjustments to the Customer's invoice to the extent that circumstances exist which reasonably indicate that such changes are appropriate. The Company may require the Subscriber to pay the undisputed portion of the bill to avoid discontinuance of service for non-payment. Withheld disputed amounts determined in favor of the Company must be paid by Customer within five (5) business days following written, electronic or telephonic notice of

6. Upon the Company's discontinuance of service to the Customer under Section 2.6.3, the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges which would have been payable by the Customer during the remainder of the Service Term for which such services would have otherwise been provided to the Customer to be immediately due and payable.

B. Discontinuance of Service Without Cause

Company may discontinue or suspend services without cause in the event of any of the following:

1. Upon any governmental prohibition or governmental required alteration of the services, the Company may immediately discontinue service without incurring any liability.

2. Upon condemnation of any material portion of the facilities used by the Company to provide service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend service without incurring any liability.

3. Customer is responsible for paying for all charges incurred up to and including the date services are disconnected by the Company.

2.6.4 Notice to Company for Cancellation of Service

All requests by Customer for disconnection of On-Net services will be processed by Company in 30 days or less, and for disconnection of long haul Off-Net Services in 45 days or less, following delivery of the written notice. Customer must pay for services until such disconnection actually occurs and will be responsible for termination liability charges pursuant to Section 2.8.
2.6 Payment Arrangements, (Cont’d.)

2.6.5 Delay of Installation

If the Customer wishes to delay the scheduled service date for commencement of service, the Customer must notify the Company, in writing, at least 72 hours prior to the original scheduled service date. The Customer may be required to pay the Company an order modification charge and pay the Company for any third party charges incurred by the Company to meet the scheduled service date prior to receipt of such notice. Written requests to delay the scheduled service date received less than 72 hours prior to the scheduled service date shall not result in the delay of billing monthly recurring charges.

2.6.6 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.6.7 Returned Check Charges

A return check charge listed on Company’s website may be charged for each check returned for insufficient funds. Any item submitted for direct payment (ACH) for which there are insufficient funds shall be subject to a service charge listed in Company’s website. If the check is returned, the Company and its agents are authorized to electronically collect this item, which includes the original amount of the check, this check return fee, and all other collection costs.

2.6.8 Billing Fee

The Company will provide each customer with the ability to view their invoice electronically and to pay their invoice either through an automatic credit payment, an automatic ACH payment, or an on-demand credit card or ACH payment. For those customers who would like to receive a paper copy of their invoice delivered to their address, there will be an additional per month billing fee billed to their account. The amount of the per month billing fee is listed on Company’s website.
2.7 Allowances for Interruptions in Service

Interruptions in service that are not due to the negligence of, or noncompliance with the provisions of this tariff by, the Subscriber or the operation or malfunction of the facilities, power or equipment provided by the Subscriber, will be credited to the Subscriber as set forth below for the part of the service that the interruption affects.

2.7.1 Credit for Interruptions:

A credit allowance will be given for interruptions of 30 minutes or more. Credit allowances shall be calculated as follows:

<table>
<thead>
<tr>
<th>Interruptions of 24 Hours or Less</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Length of Interruption</strong></td>
</tr>
<tr>
<td>Less than 30 minutes</td>
</tr>
<tr>
<td>30 minutes up to but not including 3 hours</td>
</tr>
<tr>
<td>3 hours up to but not including 6 hours</td>

</tr>
<tr>
<td>12 hours up to but not including 15 hours</td>
</tr>
<tr>
<td>15 hours up to but not including 24 hours</td>
</tr>
</tbody>
</table>

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

**Over 24 Hours and Less Than 72 Hours.** Interruptions over 24 hours and less than 72 hours will be credited 1/5 day for each 3-hour period or fraction thereof. No more than one full day's credit will be allowed for any period of 24 hours.

**Interruptions Over 72 Hours.** Interruptions over 72 hours will be credited 2 days for each full 24 hour period. No more than 30 days' credit will be allowed for any one-month period.
2.7 Allowances for Interruptions in Service, (Cont.)

2.7.2 General

A. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff. An interruption period begins when the Subscriber reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.

B. If the Subscriber reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.

C. The Subscriber shall be responsible for the payment of service charges as set forth herein for visits by the Company’s agents or employees to the premises of the Subscriber when the service difficulty or trouble report results from the use of equipment or facilities provided by any other party other than the Company, including, but not limited to, the Subscriber.

D. For calculating credit allowances, every month is considered to have 30 days. A credit allowance for fixed recurring fees only is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

E. Use of Another Means of Communications. If the Customer elects to use another means of communications during the period of interruption, the Customer must pay the charges for the alternative service used.
2.7 Allowances for Interruptions in Service, (Cont.)

2.7.3 Limitations of Allowances

Credits issued during any calendar month will not exceed the monthly recurring charge associated with the affected service that experienced the service outage(s). No credit allowance will be made for any interruption in service:

A. Due to the negligence of or noncompliance with the provisions of this tariff by any person or entity other than the Company, including but not limited to the Customer;

B. Due to the failure of power, equipment, systems, connections or services not provided by the Company;

C. During any period in which the Company is not given full and free access to its facilities and equipment for the purposes of investigating and correcting interruptions;

D. A service will not be deemed to be interrupted if a Customer continues to voluntarily make use of the service. If the service is interrupted, the Customer can get a service credit, use another means of communications provided by the Company, or utilize another service provider;

E. During any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;

F. That occurs or continues due to the Customer's failure to authorize replacement of any element of special construction; and

G. That was not reported to the Company within thirty (30) days of the date that service was affected.

H. Force Majeure: Such causes shall include, without limitation, acts of God, fire, flood, adverse weather conditions, explosion, vandalism, acts of terrorism, cable cut, storm or other similar occurrence, any law, order, ordinance, rule, restriction, regulation, direction, action or request of the United States government or of any other government or of any civil or military authority, condemnation or exercise of rights of eminent domain, national emergencies, insurrections, riots, wars, strikes, lockouts or work stoppages or other labor difficulties, supplier failures, shortages, breaches or delays, or preemption of existing service to restore service in compliance with the Commission's Rules and Regulations.
2.8 Cancellation of Service/Termination Liability

If a Customer cancels a Service Order or terminates services before the completion of the Service Term for any reason other than for a service interruption (as defined in Section 2.7.2.E), the Customer shall pay to Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in Section 2.6.2.

2.8.1 Termination Liability

In the event that the Customer terminates service prior to the end of the Service Term, or in the event the Company terminates service for Cause as specified in Section 2.6.3. above, the Customer's termination liability shall be 100% of the MRCs applicable to the service for the remainder of the Service Term. In the case of early termination of services which are billed on a usage basis, Customer must pay to the Company an amount equal to the average monthly usage charges billed for the terminated services during all previous months since the service was successfully installed and available for Customer's use, multiplied by the number of months remaining in the Service Term. The Company reserves the right to impose termination charges at a higher rate than stated hereunder if the Company incurs unusually high capital costs to provide or remove service(s) to or from the Customer's location. The Company also reserves the right to assess any documented charges from a third party that are directly associated with the Customer's request to terminate service.

2.9 Cancellation of Application for Service

Applications for service cannot be canceled without the Company's agreement. Where the Company permits a Subscriber to cancel an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.

2.9.1 Where, prior to cancellation by the Subscriber, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs incurred by the Company, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Subscriber had service commenced (all discounted to present value at six percent).
2.9 Cancellation of Application for Service, (Cont’d)

2.9.2 Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.

2.10 Customer Liability for Unauthorized Use of the Network

Unauthorized use of the network occurs when a person or entity that does not have actual, apparent, or implied authority to use the network, obtains the Company's services provided under this tariff.

2.10.1 Customer Liability for Fraud and Unauthorized Use of the Network

A.
